

Johnson Boys

[C] Johnson boys was raised in the ashes
Didn't know how to court a [G] maid
[C] Turn their backs and hide their faces
Sight of a pretty girl [F] makes them [C] afraid
Sight of a pretty girl [G] makes them [C] afraid

Johnson boys they come a-courtin'
Coon Creek girls so pretty and [G] sweet
[C] They couldn't make no conversation
Didn't know where to [F] put their [C] feet
Didn't know where to [G] put their [C] feet

Johnson boys they went a-courtin'
Ridin' in a Chevro[G]let
[C] They come home broke and a-walkin'
They had no money for to [F] pay their [C] way
They had no money for to [G] pay their [C] way

Johnson boys eat peas and honey
They have done it all of their [G] life
[C] Make the peas taste mighty funny
But it keeps them [F] on the [C] knife
But it keeps them [G] on the [C] knife

[Interlude]

Johnson boys will never get married
They'll live single all of their [G] life
[C] They're too scared to pop the question
There ain't no woman that'll [F] be their [C] wife
There ain't no woman that'll [G] be their [C] wife
Shame oh shame on the [G] Johnson [C] boys
